Matthew Montoya

Full Stack Web Developer

mm

Summary

I am a full-stack web developer with a background in WordPress development. With determination in meeting clients' needs and solving problems, my work reflects the level of tech skills and dedication in delivering the highest quality standards in every aspect.

Work History

Web Developer

2018-07 - Current

Sperling Interactive , Salem, MA

- WordPress development; develop custom WordPress themes and plugins.
- Help in implementing SASS/SCSS into development workflow.
- Partner with project managers to develop a stronger on-boarding process.
- Monitor and maintain website security.
- Worked closely with staff on technical matters.
- Assisted in implementing a version control system.
- Train and coach newly hired developers.

Assistant Manager

2014-07 - 2021-07

Tumi , Lynnfield, MA

- Hired, trained, coached, and developed a strong team.
- Monitored, maintained, and verified inventory accuracy and product levels.
- Managed shipments and ensured timely delivery.
- Strived to drive sales to meet monthly and yearly goals.
